

FREEWILL FORWARD

What is *Freewill Forward* - As we continue to embrace the history and heritage of our church; the shoulders upon which we stand, we honor our past while at the same time looking forward to the Greater that God has ahead. As a “*Church on the Move for Christ*”, the Freewill Forward declaration allows us to chart our course and declare “*FORWARD*” is the direction we’re going.

As we further embrace our FMBC Vision and the strategy necessary to achieving it, we continue to be open to what the Father pours into us and believe that TOGETHER, we shall walk in it. The Vision is Ours, and as ONE, we shall walk as the ministry ambassadors sharing it with all.

- ✚ Freewill is a church of men and women of at least four-generations. God has called us to reach each person and generation in a way that acknowledges who and where they are as he draws them closer to Him. We will use opportunities of ministry, music and mission to reach each person and model before the world the make-up of who we are and what we believe. By doing this, it will allow us to be better disciples and disciple makers working to win individuals, families, and ultimately souls for the Kingdom of God
- ✚ To create an online experience that engages the members worshiping with us via our e-Campus. We want to ensure that the quality of the service will not be a hindrance to people being led to having a meaningful encounter that impacts their lives, and helps to establish and/or strengthen their faith, causing them to draw closer to the Father. We will use creative, innovative, and sustainable resources to help us accomplish developing an experience fitting the excellence of God that we have been called.
- ✚ To be intentional in our efforts of inviting others, and creating a welcoming space for people of all different backgrounds, ethnicities and walks of life to come and connect with Christ as together we grow in the knowledge of the Lord and His Will for our lives.
- ✚ To aggressively, intentionally, thoughtfully and creatively explore every opportunity to connect in a greater way with families and youth of the millennial and Gen Z generations. Our pursuit in helping them gain spiritual, emotional and economic tools will help them face and prayerfully overcome many of the struggles of this day.
- ✚ To develop, strengthen and execute better approaches to Community engagement and partnerships helping to strengthen and support the residents and families in our immediate area and then flowing into areas and neighborhoods beyond.
